# NOTICE TO MARINERS

---

No. H. 48/2017

## U P P E R H U M B E R

### HUMBER BRIDGE PLANNED WORKS

**MARINERS ARE WARNED** between 2330 hrs on Wednesday 03 May 2017 and 0300 hrs on Thursday 04 May 2017 there will be stress monitor testing along the Humber Bridge. This will involve a searchlight being shone from the Hessle Foreshore Tower along the underside of the Bridge whilst a lorry is passing overhead.

The light can be shone to approximately 700m.

Albert Dock HW during this period is at 0131 hrs and subsequently there is a chance of vessels transiting under the Bridge at this time.

It is an offence under the Merchant Shipping Act to shine a light or laser at a vessel.

**MARINERS ARE ADVISED** to be proactive and contact VTS on VHF Channel 12 or 14 who will advise the shore team to cease operations and not impede shipping.

The shore team will inform VTS at the start and end of the works. VTS will make the appropriate broadcast during the operation.

**CAPT. A. FIRMAN**  
**HARBOUR MASTER, HUMBER**

28<sup>th</sup> April 2017

THE INTERNET

In order to widen communication between ABP Humber Estuary Services and those with an interest in the estuary, you are invited to visit our website which carries a wide range of information, including current live weather and Buoy positions, charts, tidal information and copies of this and other Notice to Mariners.
