
NOTICE TO MARINERS

No. H. 138/2018

RIVER HUMBER

HAWKE CHANNEL - SHOAL WATER

MARINERS ARE WARNED that a survey carried out on the 23rd August 2018 shows that depths of less than 9.7 metres below Chart Datum have encroached up to 55 metres into the South side of the Hawke channel, between No. P4 Light Buoy and the No. P5 Light Buoy.

Masters of Very Large Vessels (VLS) should take these depths into account when preparing passage plans as they may be impeded by the encroachment.

MARINERS ARE ADVISED that Notice to Mariners No. H. 66/2018 is hereby cancelled.

**CAPT. A. FIRMAN
HARBOUR MASTER, HUMBER**

24th August 2018

THE INTERNET

In order to widen communication between ABP Humber Estuary Services and those with an interest in the estuary, you are invited to visit our website which carries a wide range of information, including current live weather and Buoy positions, charts, tidal information and copies of this and other Notice to Mariners.
