

CONTRACT HIRE CHARGES FOR PILOT LAUNCHES IN 2019

All pilot launches meet the requirements of the “Work Boat Code”. The launch crews are issued with Boatmaster Class 3/RYA Yacht Masters and Engineers Certificates. The above legal requirements allow the launches to operate up to 20 miles from a safe haven (not necessarily Spurn Point).

The following are examples of hire charges:-

1. An ad-hoc short notice request for a launch complete with two-man crew - **£1200** for up to 12 hours.
2. As above, but with a 3 man crew, a launch cost **£1,204** for up to 12 hours (reasonable notice required).
3. Longer term contract, say 5 (five) days with a three-man crew, would cost **£5,374** (each day being up to 12 hours).
4. Longer term contracts would need to be the subject of further negotiations and would result in significant savings on the above costs.
