
NOTICE TO MARINERS

No. H.88/2022

RIVER TRENT

ESSENTIAL MAINTENANCE DREDGING AND DIVING ON INTAKES AT KEADBY POWER STATION

NOTICE IS HEREBY GIVEN that on Monday 13th June 2022 (or as soon after as circumstances permit), for a period of approximately three days, essential maintenance dredging and diving will be carried out on the intakes at Keadby Power Station.

The crane barge 'COLLINGHAM' (Loa 43.8m Beam 8.56m) will carry out the dredging works. The vessel will be moored alongside the intakes and will be using a side cast grab to complete the dredge and disperse the dredge material into the river.

On completion of the dredging works, 'COLLINGHAM' will undertake diving maintenance works. The diving operations will be conducted between 0800 and 1800.

The 'COLLINGHAM' will be manned throughout and will maintain a listening watch on VHF channels 17 and 15.

MARINERS ARE REQUESTED to contact 'COLLINGHAM' prior to approaching the operating area.

MARINERS ARE FURTHER REQUESTED to reduce speed when passing the 'COLLINGHAM' to avoid creating a wash.

**CAPT. A. FIRMAN.
HARBOUR MASTER, HUMBER**

10th June 2022
